CITY OF SARASOTA
TRANSPORTATION

The Transportation Program provides for the maintenance of streets, bridges, signalization, traffic control, storm drainage, and sidewalks. Construction/Engineering Services protects the public by establishing and monitoring engineering standards for new and existing infrastructure and for the use of the City's right-of-way.
	2012-13 Budget	2013-14 Budget	2014-15 Budget	% Increase (Decrease)
