Employees shall receive a minimum of two (2) hours pay at time and one-half for each such off-duty court-related appearance, irrespective of the number of cases involved in each appearance, except as outlined herein. Such court time, however, shall not be counted as "time worked" for overtime purposes except as outlined herein. Employee has the option to request court time compensation at time and one-half or request equivalent compensatory time, provided the employee meets the criteria outlined herein, and provided that the employee's accumulated compensatory time, premium time and court time, shall not exceed 480 hours. The City, in its sole discretion, may either pay said employees as provided in this Section, or grant equivalent compensatory time off.

A. Court Time/Pay for Police Officers Assigned to District Police Plan.

This provision does not apply to any employee(s) separated or retired from City employment prior to the date of final ratification of this Agreement. Court appearances and other court duties as required by the City, including appearances and duties involving civil cases, shall be included in an employee's compensable tour of duty. Except as provided below, an employee will be compensated for such appearances at time and one half ("court pay"), irrespective of any other provisions for overtime pay based upon a 14-day work period of eighty-six (86) hours. Employees shall receive a minimum of two (2) hours pay at time and one-half (1.5) for each off-duty court appearance, although such premium pay shall not be included in the computation of the employee's regular rate of pay. However, only hours actually worked during this period shall be included in the computation

of time worked for overtime pay. Additionally, such premium pay shall be creditable toward any potential overtime compensation payable to the employee.

Court pay shall not be paid to employees whose court appearance, hearing, deposition or Pre-Filing Interview (PFI) falls within one and one-half (1.5) hours prior to the start of their assigned work hours or within one and one-half (1.5) hours after their assigned work hours. Employees assigned to court appearances within one and one-half (1.5) hours pre-shift or post-shift shall be deemed to be in an on-duty status and are therefore ineligible to receive court pay. Employee has the option to request court time compensation at time and one-half or to request equivalent compensatory time, provided the employee meets the criteria outlined herein, and provided that the employee's accumulated compensatory time, premium time, and court shall not exceed 480 hours. The City, in its sole discretion, may either pay said employees as provided in this Section, or grant equivalent compensatory time off.

Shift Differential Pay will be paid in increments as outlined herein:

ARTICLE #10

BUMP DOWN PROCEDURES FOR REDUCTION IN FORCE AND/OR LAYOFFS

Section 1. Bump Down Procedures for Reduction in Force/Layoffs.

If a Police Officer/employee has been promoted to a classification that makes him ineligible for representation by this contract and is later reduced in grade to a classification that makes him eligible for representation by this contract, then that Police Officer employee would be reduced one rank; and the Police Officer with the least time in grade in the same rank that the Police Officer has already been reduced to (i.e., Lieutenant to Sergeant), would be reduced to the next lower rank, i.e., Sergeant to Police Officer 1st Class. The bump down for a reduction in force or layoff by time in grade would be for one rank only. (Example: Lieutenant to Sergeant, Sergeant to Police Officer 1st Class.) The bump down for a reduction in force or layoff by time in grade would be for one rank only. (Example: Lieutenant to Sergeant, Sergeant to Police Officer 1st Class.) The Police Officer, Sergeant or Lieutenant, reduced in rank would assume his original date of rank (previous date promoted to that rank) for the rank that he has been reduced to and he shall be placed on the seniority list for the rank that he has been assigned to after the reduction. Police Officers 1st Class may be subject to layoff according to time in grade in their current rank in the event of a reduction in force or layoff, unless additional Police Officers in the grades of Police Officer 2nd Class, Police Officer Permanent Trainee, or Police Officer Probationary are currently employed by the City. In this event, the Police Officer(s) 1st Class would be subject to layoff after all probationary, permanent trainees and Police Officer(s) 2nd Class had been laid off in this sequence. The Police Officer First Class would be subject to layoff as outlined in Section 3 of this Article.

Section 2. Recall Procedures After Reduction in Force/Layoffs.

Employees would be recalled from layoff in the inverse order of layoff. (The last police officer laid off would be recalled first). The recalled police officer must accept the recall notice of reemployment (sent via certified mail, return receipt requested, to the last known address) within 10 days of the receipt of the recall notice, and the recalled

employee must meet the medical and physical requirements of the assigned classification. A recalled employee who has been laid off in excess of ninety days may be subject to a physical and polygraph examination at the sole discretion of the Chief of Police or his designee, as appropriate. Any police officer laid off by the City is eligible to be reinstated to his most previous rank held prior to layoff if he is recalled from layoff status within one year of the effective date of the reduction in force or layoff. The recalled police officer (within twelve months of the effective date of the layoff) would be eligible to return as a permanent employee based on seniority (last police officer laid off is the first to be recalled) and receive an adjusted date of rank and authorized benefits.

Section 3. Bump Down, Layoff or Recall.

- 1) Date Promoted to Current Rank (Seniority in Grade).
 - 2) Date Employed (date of hire as a police officer or adjusted date of hire as a police officer); for a non-Civil Service employee (General Employee), the date would be the date of hire or the applicable adjusted date of hire.
 - 3) Date passed written examination (Police officer preemployment examination for police officers only).
 - 4) Date turned in police preemployment comprehensive application or date of application for non-Civil Service (General) employees.
 - 5) A. Time of Day Comprehensive Examination received by the Department of Human Resources (for police officers only).
- B. If this step is necessary for non-Civil Service (General Employees), the final decision will be made by the Chief of Police, or his designee in accordance with the City of Sarasota Rules and Regulations.

ARTICLE #11

SHIFT ASSIGNMENT - FOR POLICE OFFICERS AND SERGEANTS ONLY

In determining the number of employees working various shifts, the PBA recognizes that the Chief of Police, or his designee, has a right to distribute and assign manpower. The Chief of Police, or his designee, has also established that seniority is important in determining this distribution.

Shift assignments will be based on the following criteria:

1. Request for shift assignment will be held every six months.
2. Request for shift assignment will be based on seniority. The police patrol officers make the request on a form provided by the Chief of Police, or his designee, listing their choices in order of preference. The choices will be granted by seniority in order of preference. This manner will be followed until such time a shift is staffed with its determined number of experienced officers.
3. The Chief of Police, or his designee, has the discretion to determine and assign the number of experienced officers on each shift.
4. An officer is considered experienced once he has attained a minimum of four years of service as a police officer in the Police Department.
5. If a shift falls short of experienced officers as assigned under Paragraph 4, the Chief of Police, or his designee has the discretion to transfer the least senior experienced officer with proper notification.
6. Shift assignments will not be used as a form of disciplinary action without just cause.
7. Police Patrol Sergeants during their first year after appointment as sergeant, may be assigned shifts contrary to bid procedures at the sole discretion of the Chief of Police, or his designee.

ARTICLE #12
PBA RIGHTS AND OBLIGATIONS

A. Dues Deduction:

- 1) A member of the Bargaining Unit may present written authorization on the prescribed form to the City to deduct from his salary PBA dues in a specific weekly amount. Such authorization shall be executed on the form adopted by the City. Each authorization shall be effective until the earliest of the following dates:
 - a) The expiration of the Collective Bargaining Agreement; or
 - b) The determination by the Florida Public Employees Relations Commission (PERC) that the PBA has participated in, supported or instigated in any manner a strike against the City; or
 - c) Thirty (30) calendar days after written notice of revocation of said authorization by the employee to both the City and the PBA.
- 2) The City will transmit the dues and uniform assessments deducted in any week less the appropriate charge authorized herein, to the Treasurer of the Union at a convenient time following said deductions, but not later than fifteen (15) calendar days from the end of the week in which the deductions were made, except in the case of reasonable delays.
- 3) The City's sole obligations with respect to said funds are the collection and transmittal of those funds. The PBA, its officers, agents and members will hold the City, its officers and agents harmless for the cost of any action which may be brought by any of its members, group(s) of members, agencies of law or other parties with respect to the use or disposition of said funds, after they have been transmitted to the PBA.
- 4) The City will not collect fines, penalties or special assessments levied or attempted to be levied upon its employees by the PBA, its officers, agents or members.

B. Service Charges:

The City shall deduct from the payment made to the Union the following expenses of bookkeeping, retention and transmittal of funds:

Three Hundred Dollars (\$300.00) per fiscal year.

The above service charge shall be effective and deducted within the first month after final ratification and shall be collected thereafter during the month of October for the duration of the Collective Bargaining Agreement.

Section 2. Exception to Dues Deductions.

In the event an employee's salary earning within any given pay period (after deductions for withholding tax, retirement, health insurance and other priority items) are not sufficient to cover dues, it will be the responsibility of the PBA to collect its dues for that pay period directly from the affected employee.

Section 3. Bulletin Board.

The PBA may post notices of the Association's recreational and social functions, elections, meeting, and the names and addresses of officers, directors and representatives on a designated 20" x 30" section of the existing bulletin board in the Report Writing Room located in the Police Department. Each such notice must be signed by an officer of the local PBA Chapter, and a copy transmitted to the Chief of Police or his designee prior to posting. Under no circumstances shall the PBA tender for posting any notice containing material which might be interpreted as political in nature, or which tends to disparage or interfere with any elected or appointed official(s) or employee(s) of the City.

Section 4. PBA Time Bank.

A. This Agreement authorizes the PBA eighty (80) hours of compensatory time per fiscal year, for the PBA President or his designee to attend PBA activities related

to the City of Sarasota, including negotiations, which shall be donated to the PBA Time Bank.

- B. Time off will be authorized at the discretion of the Chief of Police or his designee provided there is no conflict with minimum staff requirements.

Section 5. Donation of Holiday Time to PBA.

- A. The PBA shall collect from each consenting member of the Bargaining Unit who has agreed to and executed the appropriate form; two (2) hours of earned Holiday time, for the PBA Time Bank. There shall be one combined time bank for PBA to include time collected under this contract and time collected under the contract for Lieutenants. Said time will be used at the discretion of the PBA President for the purpose of Association business.
- B. The initial two (2) hours of Holiday time will be collected by the City on the second pay period after final ratification by both parties. For new members of the Bargaining Unit, the City will collect the two (2) hours of Holiday time the next pay period after receipt of the deduction authorization. The deductions shall continue on an annual basis (the first pay period in October of each Fiscal Year) unless the deduction is canceled by the employee.
- C. At no time shall the aforementioned PBA Time Bank donations exceed 480 hours for a fiscal year; however, all time bank hours can be carried over into the next year and must be used on or before September 30 of the fiscal year following the fiscal year accrued.

A grievance may be processed through Step 4 of this Article.

- C. Except for individual disciplinary actions, the PBA shall have the right to bring a class action grievance on behalf of bargaining unit employees in its own name concerning disputes relating to the interpretation or application of this Agreement. The PBA’s election to proceed under this Article shall preclude it from proceeding in another forum on the same issue. Such grievance shall be initiated at Step 2 of this procedure, in accordance with the provisions set forth herein, within seven (7) days of the occurrence of the event giving rise to the grievance.

Section 2. Procedure.

- A. **Informal Step**
The aggrieved and/or his representative shall request a meeting to discuss a grievance with his immediate supervisor (or his designee) with the objective of adjusting the grievance informally. Said request shall be made to the immediate supervisor no later than seven (7) calendar days after the grievance first occurred, or when the aggrieved should have had knowledge thereof. Any meeting under this step may take place within five (5) calendar days after such a request. If the aggrieved is not satisfied with the disposition of the grievance or a meeting is not held, the grievance may be taken to Step One of the formal procedure.

B. Formal Steps

Step One

The aggrieved and/or his representative shall present the grievance on the adopted form to his Captain or the Captain's designee no later than seven (7) calendar days after the informal meeting or, in the absence of such meeting, no later than eight (8) calendar days after the request for a meeting was made. The Captain or his designee shall submit a written response on the adopted forms within five (5) calendar days after submission of the grievance, or the grievance may be taken to the next step.

Step Two

If the aggrieved is not satisfied with the disposition of the grievance in Step One, he and/or his representative may submit it on the adopted form to the Chief of Police or his designee within seven (7) calendar days of the written response in Step One or from the final date a response was due, in the absence of a written response. The Chief or his designee shall submit a written response on the adopted form within ten (10) calendar days after submission of the grievance in this Step.

Step Three

If the aggrieved is not satisfied with the disposition of the grievance in Step Two, he and/or his representative may submit it on the adopted form to the City Manager within seven (7) calendar days of the written response in Step Two or from the final date a response was due, in the absence of a written response. After submission of the grievance in this step, a meeting before the City Manager shall be held if the City Manager deems it necessary.

The City Manager shall submit a written response on the adopted form within ten (10) calendar days of the submission of the grievance to him.

Step Four

If the aggrieved is not satisfied with the disposition of the grievance in Step Three, or in the absence of a written response, he and/or his representative may submit the matter to arbitration. Any submission hereunder shall be received by the City Manager's office within fourteen (14) calendar days after the decision in Step Three, or from the final date a response was due in the absence of a written response. The party requesting arbitration shall submit a request for a panel of not less than seven (7) names to the Federal Mediation and Conciliation Service, FMCS. The selection shall be made by alternately striking names and the remaining name shall be the arbitrator. The party requesting arbitration shall strike the first name. Each party shall have the right to reject one panel as a matter of right.

Section 3. Rules

 - 4) The action, remedy or solution requested by the employee.
 - 5) Signature of aggrieved employee.
 - 6) Reason for rejection of management's answer, if appealed.
 - 7) Date submitted.

Grievances submitted which do not contain the above information shall be considered inappropriate and shall be declared null and void.

- B. A member of the Bargaining Unit may avail himself of the grievance procedure in person or by counsel and have such grievance adjusted without intervention of the PBA provided that:

- 1) The adjustment is not inconsistent with the terms of this Agreement; and
 - 2) The PBA has been given reasonable opportunity to be present at any meeting called for in the resolution of such grievance.
- C. The time limits contained herein are absolute. The failure of the aggrieved to file a grievance timely or to appeal it timely to subsequent Steps is a waiver of the grievance. At any step in the grievance procedure, the time limits may be extended by mutual Agreement of the parties to the grievance. Should there be at any step herein prescribed, no response by the City, it shall be deemed that the grievance has been denied.
- D. Employees will follow all written and verbal directives of supervisors even if such directives are allegedly in conflict with the provisions of this Agreement. Compliance with such directives will not in any way prejudice the employee's right to file a grievance within the time limits contained herein, nor shall compliance affect the ultimate resolution of the grievance. No employee or group of employees may refuse to follow directions pending the outcome of a grievance.
- E. In the event of such failure to appear at the arbitration hearing for the reason that it asserts the grievance is not arbitrable, the arbitrator shall not have the authority, nor may he conduct a hearing or in any manner hear or rule upon the grievance.
- F. The arbitrator shall have no power to add to, subtract from, modify or alter the terms of this Agreement, and shall confine his decision solely to the interpretation or application of the Agreement. The arbitrator shall not have the power to arbitrate any matter expressly or impliedly excluded from arbitration, nor to proceed in contravention of the limitations upon his powers as expressed in Section 3.E hereof.
- G. Any relief granted prior to Step Three requiring the expenditure of City funds which is not in accordance with Florida Statutes, shall be void. Any relief granted prior to Step Two shall not be deemed to establish a past practice, custom, precedent, or usage as to any other circumstances of occurrences without the express approval of the City Manager. The arbitrator is not empowered to render any award which imposes fines or penalties upon the City.
- H. In the event of the arbitration of a grievance arising out of the discharge of an employee, the arbitrator is empowered to either sustain the discharge or, if he

does not, he is empowered to reinstate the employee with or without back pay in whole or in part as the circumstances warrant. Any award of back pay shall be reduced by any unemployment compensation he may have received, and may be reduced by interim earnings of the discharged employee earned from a replacement job or jobs.

- I. Should either party request a transcript of the arbitration proceedings, then that party will bear the full costs for that transcript. Should both parties order transcripts, then the cost of the transcripts will be divided equally between the parties.
- J. Step One and/or Step Two of the grievance procedure may be bypassed provided the aggrieved and the City Manager agree. The grievance shall then be brought directly to the next succeeding step.
- K. Each party shall bear the full cost for its representation in the arbitration and the compensation of its participants. Each party shall be responsible for the compensation of its witnesses, including employees. The cost of the arbitrator and the FMCS will be divided equally between the parties.
- L. Election of Forum (Non-duplication of Remedies):
The commencing of legal proceedings against the City in a court of law or equity, or before the Public Employees Relations Commission, or any other administrative agency, by an employee or employees for an alleged violation or violations of the express terms of this Agreement shall be deemed a waiver by said employee or employees of his/their right to resort to the grievance and arbitration procedure contained in this Agreement for resolution of the alleged violation or violations of the express terms of this Agreement.
- M. Grievance procedures:
 - 1) Civil Service employees have the option of utilizing the Civil Service Appeal Procedure established under this Article or the grievance procedure established by the City of Sarasota Personnel Rules and Regulations, but such employee cannot use both.
 - 2) General Employees have the option of utilizing the Grievance Procedure established by the City of Sarasota Personnel Rules and Regulations or the

grievance procedure established under this Article, but such employee cannot use both.

At the conclusion of the exam, the moderator of the process will request scores from each assessor.

If there is a wide discrepancy in the oral board scores, adjustments, either by smoothing or statistical analysis as determined by the vendor, must be made to enable the scores to fall within an acceptable range.

Individual assessors score sheets and the master score sheets will be retained.

Possible total points for this exercise - 30 (30% of the promotional process).

B. Oral Resume

**11.5 Hour Shifts
Summary**

Pre-Shift	15 minutes
Actual Hours	11.75 hours
14 Day Cycle	82.25 Hours Worked

11.5 HR. SHIFT ASSIGNMENTS

Only employees of SPD represented by the PBA and assigned to the Patrol Division will be authorized to work the 11.5-hour schedule. However, not all employees assigned to the Patrol Division will be permitted to work this schedule. The following is a summary of those employees that will be assigned this schedule:

11.5 HR. SHIFT ASSIGNMENTS

Assigned	Not Assigned
Night Duty Lieutenants (relief)	District Lieutenants
North District Officers	CSAs assigned to Front Desk
Central District Officers	Canine Officers
South District Officers	Crime Prevention Officers

Officers on restricted duty, because of an illness or injury, may be assigned to the front desk on the 8-hour schedule.

All other officers normally assigned to a district under the 11.5-hour schedule may also be assigned to the front desk. However, those officers will work their normal schedule of 11.5 hours if so assigned.

MINIMUM STAFFING

In order to insure officer safety and maintain appropriate service delivery levels, minimum mandatory staffing for patrol officers under the 11.5-hour shift district plan is:

DAY SHIFT	14 officers (15 on weekends to cover the front desk.) Two officers on day shift shall have tour start times between 0900-1100 hours for assignment to walking beats. (These times can be further modified, with prior supervisory approval, to address conditions on their beats. Minimum staffing shall be maintained.)
NIGHT SHIFT	15 officers (to include one for the front desk). Two officers on the night shift shall have tour start times between 1100-1300 hours for assignment to walking beats. (These times can be further modified, with prior supervisory approval, to address conditions on their beats. Minimum staffing shall be maintained.)

Walking beat assignments may be temporarily reassigned for operational reasons (for example City Hall assignments, Gillespie Park, Bay Front). It is the express intent of the parties that an officer shall be assigned to each zone and there shall be two officers assigned to Zones 2 and 3. The numbers set out above represent the minimum number of officers required to be present to staff the respective shifts. Call-back is authorized to maintain these numbers.

Management reserves the option to increase the staffing level for both/either shifts by two officers based upon the temporary/special operational needs of the Department with 24-hours notice. The Chief of Police or his designee shall articulate the temporary/special operational needs, in writing.

For purposes of granting officers time-off in light of minimum manning levels, the following leave time (excluding unscheduled leaves) will be granted in descending order of priority: annual vacation selection(s), grouped individual vacation days, individual vacation days, H-Time, approved training or schools, and days off missed (D.O.M.).

Other than annual vacation selection, leave requested in a timely manner will be granted in the aforementioned priority order until minimum staffing is reached.

When a D.O.M. leave request impacts minimum patrol staffing, supervisors shall assign a different D.O.M. leave day to the affected officer to ensure minimum staffings. If a D.O.M. cannot be scheduled within the work period, it shall be paid for at the appropriate overtime rate or paid in the form of compensatory leave.

Annual vacation selections shall be carried forward by an officer if he or she is reassigned.

The City and Association recognizes that a patrol shift may, during the year, not be fully manned. It is agreed that in order to fulfill annual and other leave requests, including training and schools, the City will accommodate a minimum of five (5) requests per day shift and a minimum of six (6) requests per night shift even if such accommodation requires the call-in of officer(s) in order to maintain minimum staffing levels.

AEROBIC DAYS

Excellent Category	24 hours
Good Category	16 hours

EXPLANATION

Aerobic Days were initially based on a person expending 20 minutes per day, 3 days per week on an aerobic activity. In 6 months, the total time expended would be approximately 24 hours. This amount of time was therefore the basis of awarding time off for those officers performing in the Excellent category for aerobic conditioning. Time awarded for Good and Fair were reduced from this maximum award of 24 hours.

To provide for maximum availability on patrol shifts affected by minimum staffing requirements, officers regularly assigned to the 11.5 hour patrol chart, with rotating days

off, shall be scheduled for In-Service Training on their days off and receive compensation at time and one half.

If training occurs on the officer's assigned day of work, the officer will be reassigned for the scheduled training and receive full compensation as though the officer worked his assigned shift. In other words, the officer will be compensated as though he worked the 11.5-hour shift. All other officers shall be rescheduled to attend during regular weekdays. Any travel time will be in addition to the 8 hours of instruction for these officers.

- Participation by any employee is voluntary.
- Participants must have a valid Florida driver license and such license shall be free from major restrictions.

Officers who live outside that area may arrange to park their vehicles at a public building which is staffed 24-hours per day, such as a fire station, which is located within the area. The arrangement shall be confirmed in writing by the person at that location authorized to grant permission and the officer.

- Officers must have successfully completed their probationary period to be considered for a take home vehicle.
- An officer may be determined ineligible for participation in the program if their traffic accident record shows two or more preventable accidents in the last eighteen months, attributable to negligence and/or disregard for established policy and procedure on the part of the officer.
- Vehicles may be operated only by authorized police personnel, or vehicle maintenance personnel performing required services.
- During off-duty hours, vehicle use will be limited to travel to and from work, off-duty assignments, attending court or depositions, official city functions (award ceremonies, funerals, etc.), and other functions specifically authorized by the Chief of Police.

- Vehicles may not be used for personal use, including but not limited to transporting family members or others, shopping, social functions or sporting events. The Sarasota Police Department shall issue a rule identifying minor deviations from travel which are permissible, such as short business stops, attendance at PBA meetings or school events.
- Time spent traveling to and from work is not work time unless the employee performs a police function during that time. When performing a police function, the employee must call the incident in when he starts, and out when finished. A written report must be filed on the next workday. The employee will be paid for time worked. No minimum time or pay is required.
- Officers on light duty status for 14 consecutive days or more, will not operate marked patrol vehicles during the period; however when possible the Department may make an unmarked vehicle available to the officer. Officers on light duty status for an extended period may have their vehicle reassigned from personal use until such time as they return to full duty status.
- Unattended vehicles off-duty must be locked at all times and parked where readily available in the event that an emergency arises. Equipment not affixed to the vehicle and firearms will be removed and stored in a safe place in the officer's residence or the trunk of the vehicle.
- Officers will not leave material relative to their assignment or other issued equipment in the vehicle while it is left for service or repair.
- Seat belts must be used by the employee and passenger at all times while the vehicle is being operated.
- Whenever an officer assigned a vehicle is absent for vacation or other purposes for no more than two consecutive weeks (14 consecutive days) or less and remains at home, the vehicle will not be temporarily reassigned, and may remain at the officer's residence. If an officer leaves town for one week (7 days) or more, but two consecutive weeks (14 consecutive days) or less, and has a garage in which to house the vehicle, the vehicle may remain at the officer's residence; however, if the officer does not have a garage for storage, then the vehicle must be returned to the department. If an officer leaves town for more than two consecutive weeks (14 consecutive days), then the vehicle must be physically returned to the department, regardless of whether the officer has a garage for

storage of the vehicle. In those instances where the vehicle is returned to the department, the vehicle may be temporarily assigned as needed to another officer. All policies and procedures which are applicable to those officers assigned a marked patrol vehicle on a continuing basis will also be in effect for any officer who is temporarily assigned a marked patrol vehicle.

- An officer on disciplinary suspension for any reason shall automatically lose his take home vehicle during the suspension. The officer will be required to turn in his vehicle to the appropriate supervisor for the duration of the suspension.
- Officers using a vehicle for transportation to a deposition or court are not entitled to retain any witness travel expense reimbursement, but may collect the witness appearance fee if they are off-duty.

- While operating the vehicle off-duty, the radio must be kept on at all times.

The officer shall preserve evidence and maintain continuity until relieved by an on-duty officer. Such time shall be paid as time worked.
- Off-duty officers operating a marked patrol vehicle shall stop at roadway accidents which require police attention, such as accidents or stranded motorists. Officers should be cognizant of the resulting negative public image of the department if officers fail to stop and assist citizens in need. Such time shall be paid as time worked.
- Officers in civilian attire shall not enforce minor traffic infractions or conduct traffic stops, unless the subject vehicle creates a danger to persons or property.
- Officers will be held responsible for the condition of their vehicle and equipment, including the cleanliness of the interior and exterior of the vehicle, including the trunk and glove box. Cleaning and vehicle care must be performed during duty hours. Officers will also be responsible for the proper care of their vehicle and for ensuring that it is turned in for routine maintenance and required service as

scheduled. Officers shall refrain from performing any maintenance/repair work. All such work must be conducted by authorized personnel only.

- An officer who is assigned a vehicle will refrain from:
 - altering the body, general design, appearance or markings of the vehicle;
 - using fuel, oil, lubricant, windshield washer fluid or other liquid additives other than that which is department authorized; and
 - affixing any unauthorized stickers or decals to any portion of the vehicle.
- Any mechanical or electrical alterations or equipment or accessories added by authorized personnel must be approved by the Chief.
- Officers, on-duty, must periodically take their vehicles to the car wash.
- While a vehicle is in for extended repairs, the officer may be issued a replacement vehicle after checking with the fleet manager who will ascertain whether there are sufficient vehicles available.
- Tire pressure for all vehicles will be maintained at the maximum recommended by the tire manufacturer. Tire pressure will be checked periodically by the assigned operator.
- All fluid levels for marked patrol vehicles must be checked by the assigned operator during normal refueling procedures. Fluid levels will be filled only at authorized locations.

The employee's attire must not reflect negatively on the Department. The employee must have a Sarasota Police Department baseball cap in the vehicle to be worn during any response so the employee will be identifiable as a law enforcement officer. This is especially important when other law enforcement officers are or may be on the scene.
- The employee must carry his badge, identification card, weapon and handcuffs in the vehicle at all times. These items, plus the baseball cap, must be removed from the vehicle when the vehicle is parked.
- Officers shall exercise good judgment and due care in the operation of the Department vehicles. In normal non-emergency operations, members shall strictly adhere to traffic laws and drive defensively in a safe, courteous manner.

- Vehicles shall not be used for the purpose of escorting private citizens to medical facilities in their own vehicles. If a medical emergency is such that a person's life is in imminent danger and qualified medical personnel, such as Emergency Medical Services, are not available, members may transport the person in a Department vehicle after obtaining authorization from a supervisor. Members shall operate their vehicle in a prudent, safe manner when responding to a medical emergency.
- All officers assigned vehicles will be subject to emergency call-out on a 24-hour basis and during regularly scheduled days off and holidays.
- Officers shall not operate agency vehicles after consuming alcoholic beverages unless consumption is required in the performance of their official duties and then only with the specific consent of a supervisor.
- Officers shall not utilize the assigned vehicle for towing or carrying heavy or excessive loads, and will not have any objects tied to the roof, or protruding from the trunk or windows.
- Officers shall not utilize the assigned vehicle for off-duty employment except for agency approved off-duty details.
- Off-duty officers driving their vehicle must respond to emergency calls for assistance and in-progress felonies if on-duty units are unavailable and the employee is in close proximity to the call.
- Employee shall be subject to calls for assistance from citizens and from other Department units when operating assigned vehicles.
- When transmitting over the radio frequency or responding to any police action, an off-duty employee, if not assigned a call sign, will utilize the prefix identifier "Mike" followed by their identification number.
- If an off-duty employee is the initial respondent to a police situation, the employee will be required to assist in the investigation, including documentation if necessary, until dismissed by a supervisor or relieved by an on-duty employee.
- Officers may not transport alcoholic beverages when operating the vehicle and are not permitted to park the patrol vehicle at establishments where alcoholic beverages are consumed unless necessary during the course of official business.

- The vehicle may not be used for carrying heavy or excessive loads, and will not have objects protruding from the trunk or windows.
- The vehicle operator will ensure that the spare tire, jack, and lug wrench are secured firmly in place. The oil and water will be checked at the end of each tour of duty and the gas tank filled.

This City is committed to maintain a safe, healthy and productive work environment for all its employees; to provide professional services for its customers in a timely and efficient manner; to maintain the integrity and security of its equipment and workplace; and to perform all these functions in a fashion consistent with the interests and concerns of the community.

Pursuant to these corporate goals, the City is committed to establishing a Drug-Free Workplace Program to ensure that we will have a drug- and alcohol-free workplace. This program is intended to comply with the Drug-Free Workplace Program requirements set forth in Section 440.102, Florida Statutes, and the regulations promulgated by the State of Florida.

To enforce the City's drug- and alcohol-free policies and programs, candidates for employment and current employees can be required to submit to substance abuse testing under certain circumstances set forth herein.

II. SCOPE

This policy applies to candidates for employment and to City employees in all job classifications at all locations.

III. EFFECTIVE DATE

The effective date of the Drug-Free Workplace Program is October 1, 2001.

IV. POLICY

- A. It is our policy that the possession, use, consumption, sale, purchase, distribution, dispensation or manufacture by any employee of alcohol or any illegal drugs or illegally obtained drugs, or hemp products (e.g., hemp seed oil) in the workplace, on City premises or within its facilities, in the conduct of City-related work off City premises, or when operating City vehicles on- or off-duty, is strictly prohibited except at City facilities or city-sponsored events where alcohol is served with the approval of the City and the employee is off-duty and not in uniform. The foregoing prohibitions apply at all times during the work day, including mealtimes and break periods.

- B. Nor will the City permit any employee to report to work or to perform his duties, or to be on the City's premises or work site, for any reason, with the presence of illegal or illegally obtained drugs or alcohol or hemp products (e.g. hemp seed oil), in his body, or while impaired or under the influence of any illegal drug, hemp product or alcohol. The use of hemp products will not be considered a legitimate medical explanation for a positive drug test. For purposes of this policy, "impaired" or "under the influence" means testing positive pursuant to the cutoff levels applicable to this policy and testing program set forth herein.

- C. The City also does not permit any employee to report to work or to perform his duties while taking prescription or non-prescription medication which adversely affect the person's ability to safely and effectively perform his job functions. Employees are required to notify supervision in such instances, but need not disclose the medication being used or the medical condition involved.

- D. It is a condition of employment to abide by the terms of this policy.

- E. Any employee who violates this policy is subject to disciplinary action up to and including discharge, depending on the individual circumstances involved.

V. TYPES OF TESTING

A. JOB APPLICANT TESTING

All applicants who have received an offer of a job contingent on successfully passing a drug test will be tested.

B. REASONABLE SUSPICION TESTING

An employee may be required to submit to testing when City management or supervision has reasonable suspicion based on objective evidence to believe that an employee is using or has used drugs or alcohol in violation of the City's policy. Such evidence may consist of, but is not limited to:

1. Observable phenomena while at work, such as direct observation of drug/alcohol use or of the physical symptoms or manifestations of being under the influence of a drug or alcohol.
2. Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.
3. A report of drug/alcohol use, provided by a reliable and credible source. An anonymous telephone call or report shall not be the sole basis for reasonable suspicion testing.
4. Evidence that an individual has tampered with a drug/alcohol test required by the City.
5. Post-Accident: Information that an employee has caused, contributed to, or been involved in an accident while at work. An employee, who is unable to submit to testing at the time of an accident due to the seriousness of his injuries, is required to provide the necessary authorization for obtaining hospital reports and other documentation that would indicate whether there were any drugs or alcohol in his body system.

6. Evidence that an employee has used, possessed, sold, solicited, or transferred drugs/alcohol while working or while on the employer's premises or while operating the employer's vehicle, machinery, or equipment, not within the scope of his regular law enforcement duties.

Within 24-hours after testing based on reasonable suspicion, the supervisor who recommended the testing shall detail in writing on the City's "Reasonable Suspicion Testing Report Form" the circumstances which formed the basis of his belief that reasonable suspicion existed to warrant the testing. A copy of this report shall be provided to the employee being tested upon request and the original copy of the report shall be kept confidential as a medical record by the City and retained for at least twelve (12) months. Additionally, when requested, the supervisor shall verbally articulate to the officer being tested the basis for the reasonable suspicion testing immediately prior to the testing.

C. FOLLOW-UP TESTING

If in the course of employment an employee is required by the City to enter an Employee Assistance Program for drug/alcohol-related problems or a drug/alcohol rehabilitation program, the employee must submit to drug testing as a follow-up to such program, at least once a year, without advance notice, for two years thereafter. Additional types of testing, such as random testing, may be required, as deemed necessary by the City as a part of the follow-up testing. Other terms and conditions of continued employment may also be imposed.

D. RANDOM TESTING

The City reserves the right to require employees to submit to unannounced drug/alcohol testing when selected pursuant to a random selection process. Prior to utilization of random selection testing, the City shall prepare a written policy and process which shall strictly be followed in order to ensure the random nature of the selection.

VI. CONDITIONS OF TESTING

A. CONFIDENTIALITY

All information, interviews, reports, statements, memoranda, and drug test results, received by the City in conjunction with this Drug Testing Program are considered confidential communications and such information will not be disclosed or released except as authorized pursuant to state law or regulations or written consent by the person tested.

B. PROGRAM INFORMATION ACKNOWLEDGMENT

A program information acknowledgment form acknowledging that the officer has received a copy of, and understands, the terms of the program will be signed by the officer and maintained by the City.

C. REFUSAL TO SUBMIT TO TESTING

Job applicants and employees are expected to cooperate fully in providing specimens and explanations which may be subsequently required by this Policy. Failure to provide specimens, attempts to contaminate or adulterate specimens or otherwise interfere with City procedures will be grounds for disciplinary action up to and including discharge or disqualification for further employment consideration. In the case of a "negative/dilute" test result, the donor will be required to immediately provide another specimen. A second negative/dilute result for an employee will subject the employee to immediate termination. An employee who is injured in the course and scope of his employment and who refuses to submit to a drug test, or who tests positive, in addition to the above, may forfeit his eligibility for Florida Workers' Compensation medical and indemnity benefits. Any City group health/medical insurance in effect does not cover injuries sustained in the course and scope of employment.

VII. TESTING PROCEDURES

A. LICENSED/CERTIFIED LABORATORY

All drug testing will be conducted by a City-designated laboratory which is licensed by the State of Florida Agency for Health Care Administration or certified by the

United States Department of Health and Human Services. The testing will be conducted with appropriate chain of custody procedures in place to ensure accuracy and continuity in specimen collection, handling, transfer and storage.

B. DRUGS TO BE TESTED

When testing is conducted in conjunction with this program, the City may test for any or all of the following drugs: amphetamines, barbiturates, benzodiazepines, cannabinoids, cocaine, ethyl alcohol, methadone, methaqualone, opiates, phencyclidine, and propoxyphene.

C. REPORTING MEDICATION WHICH MAY ALTER OR AFFECT A DRUG TEST RESULT

1. Each applicant/employee shall be provided a form which will enable them to report, both before and after being tested, the use of prescription or non-prescription medication which may alter or affect the outcome of a drug test as well as any other information relevant to the drug test result. The reverse side of the above-referenced form shall contain a list of the most common medications, by brand name or common name, as well as by chemical name, which may alter or affect a drug test result. The information provided by the employee or job applicant should be kept confidential by the employee or applicant and shall be reviewed only by a Medical Review Officer (MRO), who shall be a licensed physician, interpreting any confirmed positive results.

2. Job applicants and employees have the right to consult with a Medical Review Officer (MRO) for technical information regarding prescription and non-prescription medication to determine whether the medication has affected a drug or alcohol test result.

D. COST OF TESTING

The City will pay the costs of initial and confirmation drug testing which it requires of job applicants and employees. Applicants and employees shall pay the cost of any additional drug testing not required by the City.

E. COLLECTION SITE AND LABORATORY ANALYSIS PROCEDURES

Security of the collection site, chain of custody procedures, privacy of the individual, collection control, integrity and identity of the specimen and transportation of the specimen to the laboratory, as well as all laboratory security, laboratory chain of custody, transporting and receiving of specimens, specimen processing, retesting, storage of specimens, instrument calibration and reporting of results, shall be in accordance with §112.0455, F.S., and its attendant rules as established by the State of Florida, Agency for Health Care Administration, Rule 59A-24, F.A.C. These procedures are intended to ensure that specimens are properly collected, identified and tested.

VIII. RELEASE AND REVIEW OF TEST RESULTS

A. MEDICAL REVIEW OFFICER (MRO)

The City will engage a certified Medical Review Officer (MRO) who is a licensed physician, who will be responsible for receiving and reviewing all confirmed test results from the testing laboratory. The MRO will contact all positively tested individuals to inquire about possible prescriptive or over-the-counter medications or other factors which could have caused a positive test result, and to provide technical assistance for the purpose of interpreting the result.

B. REPORTING RESULTS

1. The testing laboratory will report all drug test results to the MRO within seven (7) working days after receipt of the specimen by the laboratory, and must provide the MRO quantification of the test results upon request. Only specimens which are confirmed as positive on the confirmation test shall be reported positive to an MRO for a specific drug.
2. The MRO will notify the applicant/employee of a confirmed positive test result within three (3) days of receipt of the test result from the laboratory and will inquire whether prescriptive or over-the-counter medications or other factors

could have caused the positive test result. The MRO may use a language interpreter to assist in communicating the drug test results with employees and job applicants.

3. If the MRO is unable to contact a positively tested donor within three (3) days of receipt of the test results from the laboratory, the MRO will contact the City and request that the City direct the donor to contact the MRO as soon as possible. If the MRO has not been contacted by the donor within two (2) days from the request to the City, the MRO will verify the test result as positive. If the donor refuses to talk with the MRO regarding a positive test result, the MRO will validate the result as positive and annotate such refusal in the remarks section of the report.
4. The donor will have five (5) days from the date of notification to discuss the positive test result with the MRO and to submit information/documentation of use of prescription or over-the-counter medication or other factors relevant to the positive test result.
5. The MRO will notify the City in writing of the verified test result, either negative, positive or unsatisfactory, no more than seven (7) working days after the specimen was received by the lab. If the MRO determines that there is a legitimate medical explanation for the positive test result, the MRO will report a negative test result to the City. However, should the MRO feel that the legal use of a medication would endanger the donor or others, or if the donor is in a safety sensitive or special risk position at the City, then the MRO will report the test negative due to a validated prescription, but will request that the individual be placed in a position which would not threaten the safety of the donor or others.

C. EMPLOYER NOTICE TO DONOR OF TEST RESULTS

Within five (5) working days after receipt of a confirmed positive test result from the MRO, the City will inform the donor in writing of such positive test results, the consequences of the results, and the options available to the donor, including the

right to file an administrative or legal challenge. Upon request, a copy of the test results shall be provided to the donor.

IX. CHALLENGES TO TEST RESULTS

A. INTRA-CITY CHALLENGE

1. The donor has five (5) working days after receiving notice from the City of a confirmed positive test result, to submit information to the City explaining or contesting the test result(s).
2. If the donor's explanation or challenge of a positive test result is deemed unsatisfactory by the City, the City shall within fifteen (15) days of receipt of the donor's explanation or challenge, provide the donor with a written explanation as to why his explanation is deemed unsatisfactory, along with the report of positive result(s). All such documentation shall be retained by the City as a medical record for at least one (1) year.

B. ADMINISTRATIVE OR LEGAL CHALLENGE

The applicant/employee may undertake an administrative challenge of the test result by filing a claim for benefits with a Judge of Compensation Claims pursuant to Ch. 440, F.S., or if no workplace injury has occurred, the donor may challenge the test result in a Court of competent jurisdiction or through arbitration as provided for in a collective bargaining agreement. When a donor undertakes a challenge to the results of a test, it shall be his responsibility to notify the employer and testing laboratory of the challenge, and the testing sample shall be retained by the laboratory until the case is settled.

C. INDEPENDENT TESTING

In the event of a positive test result, the donor, during the 180-day period after written notification of a positive test result, may request independent testing at his own expense of a portion of the tested specimen for verification of the test result. The laboratory utilized for the independent testing must also be licensed by the State

of Florida Agency for Health Care Administration or certified by the United States Department of Health and Human Services. The result(s) of the independent testing may be used in any administrative or legal challenge.

X. CONSEQUENCES OF POSITIVE TEST RESULTS/DISCIPLINARY ACTION

A. JOB APPLICANTS

If the results of a preemployment drug test are confirmed positive, the job applicant will be disqualified from further employment consideration.

B. EMPLOYEES

1. Any employee whose test results are confirmed positive will be subject to disciplinary action up to and including termination.
2. The City reserves the right to assign an employee to administrative leave with pay pending the release of the results of a drug test or the outcome of an investigation related to a violation of the City's drug/alcohol-free workplace policy.
3. If an employee is injured in the course and scope of his employment and test results are confirmed positive, the employee, in addition to the above, may forfeit his eligibility for all medical and indemnity benefits under the Florida Workers' Compensation Act. Any City group health/medical insurance in effect does not cover injuries sustained in the course or scope of employment.

XI. DRUG/ALCOHOL-FREE WORKPLACE AWARENESS/EDUCATION PROGRAM

A. OBJECTIVE

This Awareness/Education Program is designed to help achieve the City's goal of maintaining a drug/alcohol-free workplace.

B. ELEMENTS

1. Ongoing communications to City employees and supervisory personnel that include educational and informational materials advising about the dangers of drug and alcohol use and/or abuse.
2. Display and distribution to City employees of community service hot-line telephone numbers for employee assistance concerning drug and alcohol use and/or abuse.
3. Specific training of City's management and supervisory personnel who are responsible for determining when an individual is subject to testing based on "reasonable suspicion." Such training will encompass the specific, contemporaneous physical, behavioral, and performance indications of probable drug use.
4. Education for all City employees to assist them in identifying personal and emotional problems which may result in the misuse of alcohol or drugs. The course will include a presentation on the legal, social, physical and emotional consequences of misuse of alcohol or drugs.
5. Maintaining a current resource file of EAP providers, including alcohol and drug abuse programs, mental health providers, and various other entities designed to assist employees with personal or behavioral problems.
6. Advise employees of any EAP programs that the City may have available, and provide a representative sampling of local drug/alcohol rehabilitation programs and employee assistance programs.
7. Provide notice of drug testing on vacancy announcements for upcoming jobs.
8. Post notice of City's drug/alcohol-testing policy.
9. Make copies of drug/alcohol testing policy available for inspection by employees and job applicants.

XII. REHABILITATION

The City supports sound treatment efforts. No employee will be retaliated against for voluntarily seeking assistance for problems relating to drug/alcohol use and/or abuse. It is the City's desire that individuals will be allowed to address and resolve any drug- and alcohol-related problems on a confidential basis.

Should an employee realize that he has developed a dependence on drugs, alcohol or any controlled substance, he is advised to seek trained, professional assistance immediately. Employees are encouraged to seek rehabilitation on a voluntary and confidential basis (without disciplinary penalty) prior to any management action, to address and resolve any drug- and alcohol-related problems. However, if the employee works in a safety-sensitive position, it is incumbent upon the employee to inform his immediate supervisor of his entry into a rehabilitation program for drug and/or alcohol problem(s). The City reserves the right to require an employee to use an EAP or drug rehabilitation program selected by the City. In such cases, the City will pay the cost of the program. In all other cases, the cost will be paid by the employee, unless it is covered by insurance.

XIII. SEARCHES

A. SEARCH POLICY

In order to effectively implement the City's Drug-Free Workplace Program, the City retains the right to conduct searches and inspections whenever there is objective evidence, which shall be detailed in writing within 24-hours of the search or inspection, that an employee may be in possession of alcohol on City property or within its facilities, or may otherwise be in violation of City policy except for City facilities or city-sponsored events where alcohol is served with the approval of the City and the employee is off-duty and not in uniform. The City shall not conduct routine or random searches or inspections. Additionally, when requested, the supervisor shall verbally articulate to the officer being tested the basis for the search or inspection immediately prior to the search.

B. GUIDELINES

When searches or inspections are necessary, they will be conducted according to the following guidelines:

1. The search or inspection will occur in the presence of at least one witness of the City's choice and may include the employee's locker, vehicle, desk or any City or personal property carried by or under control of the employee.
2. A list of contents of the area or items searched will be made and witnessed to protect the rights of the employee to that property.
3. If the search uncovers material which is believed to be unauthorized drugs, alcohol or other prohibited items, the City representative may confiscate the material. The employee will be given a receipt for any material taken. Authorized or lawful possessions of the employee will be returned.
4. Entry onto the City premises (including the parking lot) constitutes consent to a search and inspection. In addition, the execution of a "Program Acknowledgment Form" will be required of each employee prior to a search or inspection. Refusal will result in the employee's termination from the City's employment.
5. If a search or inspection reveals the presence of unauthorized alcohol or illegal drugs, the employee will be subject to immediate drug and alcohol testing, and disciplinary action, up to and including termination of employment.

XIV. CONCLUSION

It is in the best interests of the City to maintain a workplace which is free from the presence of alcohol and drugs and free from the impairments associated with alcohol and drug use and/or abuse. Our concerns with respect to employee safety and health, product quality, and integrity and security of our equipment and workplace require that we take an active approach to maintain a safe, healthful, drug- and alcohol-free work environment for all employees. In furtherance of these corporate goals, the City has established this Drug-Free Workplace Program, which is intended to comply with the

Drug-Free Workplace Program requirements under §440.102, F.S. and regulations promulgated by the State of Florida.

The policies and procedures set forth in the City's Drug-Free Workplace Program constitute statements of policy only, and are not to be interpreted as a contract of employment between the City and any of its employees. The City reserves the right to change, modify, or delete any of the Program's provisions and policies at any time. The policies contained in this Drug-Free Workplace Program supersede all prior City policies on substance abuse.

GO 604.00
Kennel Time**

Definition: Kennel Time is a period time that members of the K-9 Unit are allotted to spend specifically caring for the K-9 and K-9 equipment whether they are on or off-duty.

When a K-9 officer is on scheduled duty, they are allotted a one-hour period of regular duty time designated as kennel time. This can involve caring for the K-9's needs during the first or last hour of a normally scheduled tour of duty.

During regularly scheduled days off, K-9 officers are allotted a maximum of one hour (at overtime rate exclusive of the provisions of Article 9, Section 5) per day kennel time, with a minimum of 3 hours per week, unless there are extraordinary circumstances documented and authorized by the K-9 supervisor or designee. The documented circumstances shall be forwarded, via Chain of Command, to the division commander.

During vacation or other compensatory days off, the K-9 officer will be compensated with one-hour kennel time and the balance of the day will be vacation/compensatory time deductible from the officer's time bank. (Time sheet example: 9 vacation hours, 1 hour worked)

K-9 officers will be compensated with Kennel Time only on the days where the K-9 is in the officer's direct possession or at their residence. Kennel Time will not be compensable when the K-9 is being boarded at City expense and the officer has not exercised control over the K-9 that date.

Kennel Time is not accruable beyond a pay period.

When a K-9 is boarded at City expense and the officer has not exercised control over the K-9 on that date, regular days off or vacation/compensatory time deducted will reflect the full hours the officer would have regularly worked including normally allotted Kennel Time. (e.g.: If an officer works 10 hour tours, time deducted will be 10 hours.)
