

City of Sarasota Urban Design Studio & SCAT: Joint Public Feedback Sessions

WHO: Sarasota Residents & Stakeholders

WHAT: Public Feedback and Mapping Session

Where: Three Locations throughout the Day!

- **Jack J. Geldbart Auditorium Selby Public Library**
1331 1st Street, Sarasota, FL
- **Sarasota Fire Station No. 3- St. Armands**
47 N. Adams Drive, Sarasota, FL
- **Sarasota Fire Station No. 2- Arlington Park**
2070 Waldemere Street, Sarasota, FL

When: Wednesday, April 20th

Explanation: The City of Sarasota is in the process of rewriting the City's Zoning Code and creating a Form-based Code (FBC). A FBC addresses both the private and public space of the City to create a walkable, urban fabric consistent with the community vision.

In an effort to ensure that new construction and infrastructure projects are in harmony and produce quality spaces, the City is creating subarea plan exhibits that will be incorporated into the code. These are referred to as The Regulating Plan and Special Requirement Plans. They are used to create the metrics and specific regulations needed to produce the desired urban form. These plans are also designed to work in conjunction with the City's Multimodal Transportation Plan.

Additionally, the County has several plan updates in progress including its SCAT Comprehensive Operations Analysis. Working together, the two staffs will be holding these events to maximize participation and allow citizens to examine the plans in a holistic manner in order to provide feedback.

Schedule

• • •

3 Sessions on
Wednesday, April 20th

Selby Library

10:30AM-12:00 PM

St. Armands Fire Station

2PM-3:30PM

Arlington Park Fire Station

5PM-6:30PM

This file includes a **draft** copy of the Special Requirement Plans to be included in the City of Sarasota Form-based Code. These pages were disseminated at the April 20th, event along with the questionnaire that you will find on the next page.

A majority of the information displayed on the following map series was collected during the neighborhood walking audits. Additionally, the existing bus routes, SCAT shelters, and the City's Multimodal Network are displayed as well.

Please review the exhibits and provide us with your feedback by marking on the blanks maps attached. Your comments can be emailed to briana.dobbs@sarasotagov.com or dropped off at the Urban Design Studio office.

City of Sarasota – Questionnaire

Bicycle Safety & Comfort Questions	
For each , please indicate whether you would be comfortable or uncomfortable biking there:	Please reply with comfortable, uncomfortable, or N/A
Signed Route (No Pavement Markings).	
Shared Lane Markings.	
On-Street Bike Lanes.	
Green Bike Lane Option.	
On-Street Buffered Bike Lanes.	
Separated Bike Lanes.	
Off-Street Trails	

Parks & Recreation Questions

Question	Response
In which Neighborhood do you live?	
In which Neighborhood do you work?	
How long have you lived in Sarasota?	
How long have you worked in Sarasota?	
How many members are in your immediate family?	
What is the name of the park nearest to you?	
How often do you use the nearest park?	
How often do you and your family use this park?	Enter days per year:
Is this the park you use most often?	
<p>Please circle the activities available at your nearest neighborhood park:</p> <ul style="list-style-type: none"> Organized Sports Individual Sports Relaxation Social Gathering Exercise/Fitness Special Events Dog Walking Enjoy Nature <p>Other:</p>	
If you use another Park, what is the name?	
<p>Why do you use this park instead of the nearest park:</p> <ul style="list-style-type: none"> Organized Sports Individual Sports Relaxation Social Gathering Exercise/Fitness Special Events Dog Walking Enjoy Nature <p>Other:</p>	
What do you like most about the park you use?	
What do you like least?	
What would you like added?	
What would you like removed?	
<p>Please use green pencils to mark attached map for potential park sites you would like to see or list general area in response box.</p>	

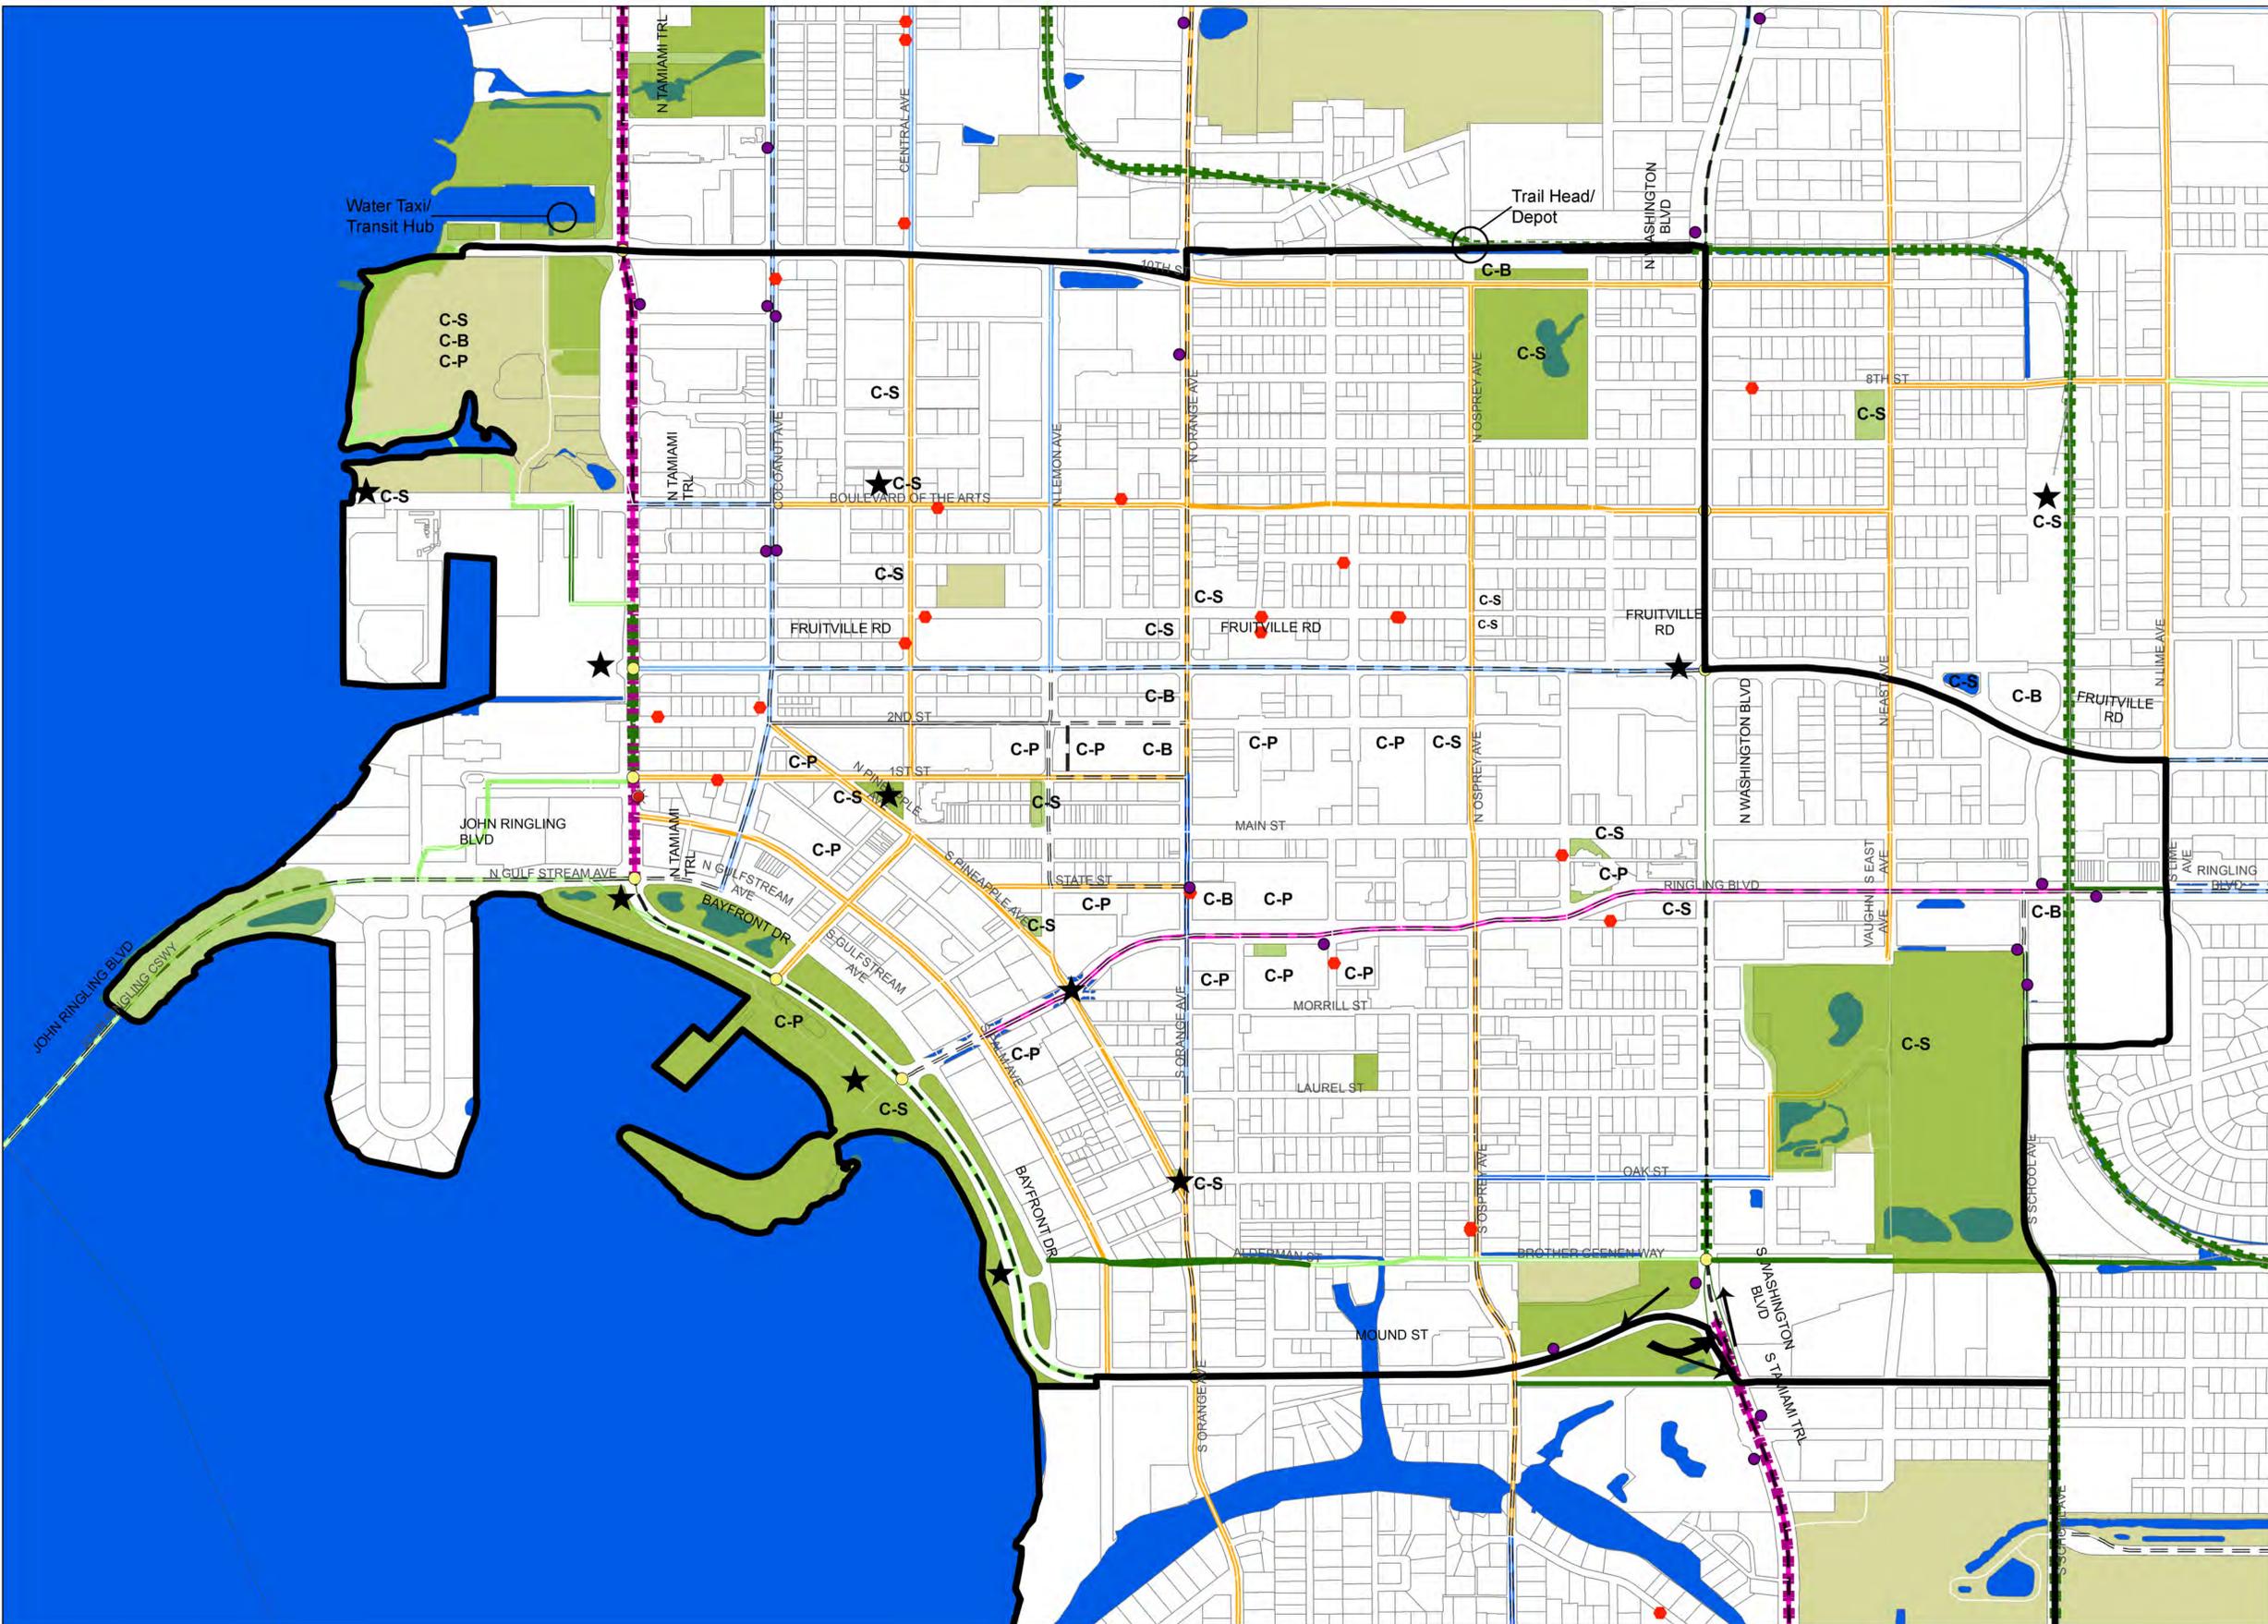

Parks & Recreation Questions	
Question	Please state Agree, Disagree, or N/A
The parks and civic spaces in my neighborhood are a very important reason I selected my neighborhood.	
I did not know about the parks and civic spaces in my neighborhood but now they are important to me.	
There are many trees on my street.	
The trees on my street meet my needs for shade & beauty.	
There is a natural area in my neighborhood that provides me with good access to nature.	
I live in an apartment or condominium and have access to a community garden.	
I would like to have access to a community garden in my neighborhood.	
Safety	
I feel safe in my neighborhood park(s).	
If you do not feel safe it is because of:	
Lack of Natural Surveillance (eyes on the park)	
Behavioral Issues within park	
Poor Lighting	
My park meets my recreational needs.	
Park Access:	
I can easily walk to a park from my home.	
I can easily walk to a park from my job.	
I can easily bike to a park from my home.	
I can easily bike to a park from my job.	
I can easily ride transit to my park of choice.	
I must rely on automobile usage to access the park of my choice.	
Park Level of Service	
I would like the City to acquire more parks.	
I think the City has adequate parks but would like to see more maintenance of the parks.	
I am happy with the amount and maintenance of the City's Parks.	
Additional Comments:	

Walkability & Connectivity Questions	
Question	Response
What is most important to you when deciding to walk?	(Rank 1-4 with 1 most important)
Safety (I need to feel safe walking along sidewalks or when crossing streets).	
Accessibility (I need to have fully accessible, maintained continuous walkways).	
Connectivity (I need to have connected and adequate walkways going to where I want.	
Walkability (I need protection from harsh weather, places to sit, activity, and things to see and do.	
Please Rate the Following Improvements:	Rank Importance as High, Medium, or Low
Control Devices to warn of driver's speed.	
Lower Roadway Design Speeds.	
Driver Education/law enforcement	
Install more marked crosswalks at intersections	
Install medians where pedestrians can safely wait for signal to change on larger roadways.	
Install more curb ramps for accessibility.	
Reduce street crossing distances by extending sidewalks into intersections (Bulb Outs).	
Install mid-block crosswalks in areas of long commercial blocks.	
Use special crosswalk markings, textures.	
Install more pedestrian crossing warning signs.	
Increase Pedestrian Crossing Times.	
Make sidewalks continuous by filling in missing gaps.	
Repair damaged sidewalks and maintain to be free of trip hazards.	
Remove obstacles blocking or crowding sidewalks.	
Improve sidewalk cleanliness.	
Increase pedestrian lighting.	
Install more benches, trash cans, drinking fountains etc.	
Provide shopfronts with awnings, and canopies for shade.	
Plant more street trees or other barriers to buffer cars and pedestrians.	
Construct more walkways away from streets (Multi-use Trails).	
Please use colored pencils and maps to mark any of the following you would like to see:	
Missing Sidewalk replacement/Pedestrian Connections	
Missing Bicycle Travel ways	
Stormwater issues	
Canopy roads	
View Vistas	
Native Tree Preservation
